<b>Chant Title and Author</b>	The Water Cycle Chant by Eva Thaddues
<b>Copy and Paste Chant Here</b>	<p>Little drops of water come together in the air.              Condensation! Condensation!          Rain, snow, sleet or hail.              Precipitation! Precipitation!          Water rises up in the form of a gas.              Evaporation! Evaporation!          The cycle starts again. Let's hear the cheer.              Condensation!              Precipitation!              Evaporation!              Yeah!</p>
