Los geólogos aquí, los geólogos allá
Por Ryan Jenkins

Los geólogos aquí, los geólogos allá,
¡Los geólogos por doquiera!

Los geólogos observadores categorizan ampliamente,
Los geólogos analíticos comparan globalmente,
Los geólogos versátiles revisan repetidamente,
Y los geólogos colaborativos se comunican claramente.

Los geólogos al lado de estratos,
Los geólogos en medio de fósiles,
Los geólogos con fechas relativas,
¡Y los geólogos junto a sus modelos!

Los geólogos aquí, los geólogos allá,
¡Los geólogos por doquiera!
¡Geólogos! ¡Geólogos! ¡Geólogos!

Geologists Here, Geologists There
By Ryan Jenkins

Geologists here, geologists there,
Geologists, geologists everywhere!

Observant geologists categorize broadly,
Analytical geologists compare globally,
Adaptable geologists revise repeatedly,
And collaborative geologists communicate clearly.

Geologists beside rock strata,
Geologists amid fossils,
Geologists with relative dates,
And geologists alongside their models!

Geologists here, geologists there,
Geologists, geologists everywhere!
Geologists! Geologists! Geologists!
