Topic/unit/core selection	Geography

Geographers Here There
by Diana Pinkston-Stewart

Geographers here, geographers there,
Geographers, geographers everywhere.

Educated geographers studying diligently,
Precise geographers mapping carefully,
Curious geographers observing objectively,
And, enthusiastic geographers recording thoroughly.

Geographers on top of ruins,
Geographers in the rainforest,
Geographers at the computer,
And, geographers around the world.

Geographers here, geographers there,
Geographers, geographers everywhere
Geographers! Geographers! Geographers!
