| Chant Title and Author | Take Me Out to the Desert By Laurie Magill |

Take me out to the desert
Take me out to dry land,
Show me the mammals, the plants and birds,
Insects and reptiles, they all are there too.

Oh, the days can be mighty hot,
But just wait, the nights can be cold!
Wear your hat, sunglasses and good hiking shoes
To the Chihuahuan desert!

Additional instructions/melody/tempo etc.
