Content Area	Science
Topic/unit/core selection	Animals of the Chihuahuan Desert
Chant Title and Author	Where are the Desert Animals? By Laurie Magill

Where is hummingbird? Where is hummingbird?  
Here I am. Here I am.  
Flying around the flowers  
Looking for sweet nectar  
To lap up through my beak; to lap up through my beak.

Where is ant? Where is ant?  
Here I am. Here I am.  
Moving all six legs  
I work hard all day long  
To find the food I need; to find the food I need.

Where is tarantula? Where is tarantula?  
Here I am. Here I am.  
I creep out of my hole  
Dug in the ground  
To feed my family; to feed my family.

Where is coyote? Where is coyote?  
Here I am. Here I am.  
Running through the desert  
On my four long legs  
To catch my dinner quick; to catch my dinner quick.

Where is rattlesnake? Where is rattlesnake?  
Here I am. Here I am.  
Sunning on the rocks  
Watching for my dinner  
To pass close by; to pass close by.

Additional instructions/melody/tempo etc.  
Tune: Where is Thumbkin?
